1. The April meeting notes were amended and accepted.
2. Jon Manley (Bennington Con Com) was contacted and he and Joe McGregor led a hike on June 16 to the Well field and talked about the possibility of establishing a trail on the property. The property is Bennington Tax Map 17, Lot 25. It is land that contains the Town of Antrim Municipal Well. Jon explained that the property is immediately adjacent to the Bennington well property down below the Balch Farm Road cul-du-sac. Linda B, Ron C & Peter went on the hike. Unable to attend were Brian Beihl. Peter to discuss further about possible scout participation in trail building and discuss with Melissa Lombard (new Water & Sewer Commissioner), Rod Z to contact Eric Tenney about potential project.
3. Jeff Littleton <http://moosewoodecological.com> provided a multi-phase response to our RFP for a Natural Resource Inventory (NRI –ecological assessment) of the Campbell Pond properties. After much discussion it was decided that an initial phase would be undertaken. Peter to contact Jeff and request a contract. The feeling of the members present were they did not want to move to Phase 2 or 3 if public access to the property was not formalized by the Selectmen (Town) with the Lauber's.
4. Campbell Pond access agreement is still in Selectmen's court.
5. Audubon's Phil Brown contacted Peter B regarding a spur trail from Goodhue Hill to Brimstone Corner Road. Rod to contact Jay Cox for formal permission to cross property. Peter B will wait to hear from Rod on this.
